THE SCENE HURT IN CAR CRASH.
Mrs. Eddy's car was damaged in a collision with a car driven by a woman named Mrs. Eddy. The car was damaged in a collision with a car driven by a woman named Mrs. Eddy. The car was damaged in a collision with a car driven by a woman named Mrs. Eddy.

WOMAN TO TRY STANDARD'S CASE.
A woman named Mrs. Eddy is to try the case of Standard Oil Company. The case is about the Standard Oil Company's monopoly in the oil business.

CONGRESS ADJOURNS.
Congress adjourned today after a long session. The session was marked by a number of important votes and speeches.

LEAVES HISTORY OF HARD WORK.
A woman named Mrs. Eddy has left a history of hard work. She has been working for many years and has achieved many successes.

APPROPRIATIONS ARE UNDER BILLION MARK, BUT EXCEED PREVIOUS RECORD.
The appropriations for the current year are under a billion mark, but they exceed the previous record.

IMPORTANT MEASURES FAIL OF PASSAGE, INCLUDING SHIP SUBSIDY.
Important measures, including a ship subsidy bill, failed of passage in Congress today.

IT IS NOW ADMITTED THERE WILL BE SURPLUS OVER ALL EXPENDITURES.
It is now admitted that there will be a surplus over all expenditures for the current year.

NEW YORK, March 4.—(Exclusive Dispatch.) What Congress has accomplished and what it failed to do. Accomplishments: \$10,000,000 appropriated for 1917-1918. Hours of railway labor regulated. Dominican Treaty ratified. Philippine Agricultural Bank assured. Another \$10,000 ton battleship. Service Pension Bill passed. Immigration restricted. Aldrich Financial Bill passed. Failures: Philippine tariff reduction. Conservation of coal and oil land. Eight-hour Bill. Anti-injunction Bill. Copyright revision. Publicity of campaign contributions. Ship subsidy.

WASHINGTON, March 4.—(Exclusive Dispatch.) The House today by Senator Aldrich and Representative Tamm, chairman of the appropriations committee, and by Representative Livingston, ranking minority member of the House committee regarding appropriations of the session. The total appropriations aggregate \$10,000,000, of which \$7,422,574 is for the annual expenditures for the fiscal year ending June 30, 1918. The balance of the grand total is to be used as follows: Twelve million four hundred and thirty-nine thousand six hundred and eighty-five dollars, for emergencies and deficiencies on account of the fiscal year 1917, and prior years; \$1,000,000 for miscellaneous objects such as private claims and the like, authorized in special acts, and \$149,556 for permanent annual appropriations to meet the requirements of the sinking fund, expenses of collecting the revenue from citizens, redemption of national banks and other purposes. The revenues of the government for 1918, as estimated at \$350,000,000, which it was stated, would have a surplus of \$20,000,000, and not a deficit as had been predicted in some quarters. During the Fifty-ninth Congress as a whole, it was stated that \$118,000,000 had been appropriated in excess of the total for the Fifty-ninth Congress. Representative Tamm of Tennessee, chairman of the Committee on Appropriations, answered in the House today that instead of facing a crisis in the treasury at the close of the fiscal year 1918, as seemed imminent at one time, there would be a surplus of \$20,000,000 at that time. The total appropriation made at the present session of Congress, he said, aggregated \$118,000,000.

CLOSING HOURS ARE TAME.
With a new record for large appropriations and far-reaching legislation, the Fifty-ninth Congress was brought to a close shortly after noon today. The last few hours were tame by comparison with what had been expected. Long before noon Senator Gallinger's fight for the passage of the Ship Subsidy Bill had been abandoned, and the filibuster against it conducted by Senator Carmack being no longer necessary, he surrendered the floor, much to the disappointment of the galleries. Senator Gallinger made it plain that: "Nine per cent of our commerce is carried in American ships. The remaining 91 per cent is carried in foreign ships. We pay those foreign ships \$20,000,000 annually, and this sum is distributed among the people of foreign nations." Extreme fatigue, due to continued night sessions in the House during the last week, had a dampening effect on many Congressmen, and the usual exuberant "last day" enthusiasm was confined to less than half the membership. The President, with his Cabinet, White House staff, and a number of guests, occupied the President's room in the Senate wing. Seated at a big table in the center of the room, he signed bills as they were introduced and presented to him. On account of the dispatch with which business had been conducted during the past week, there were only forty bills to be signed today. The President was at the Capitol for more than an hour. He devoted most of the time to receiving visits with his Cabinet, both the retiring and incoming members being present, and in

HOPES TO END SUIT.
Mrs. Eddy Expects Compromise
Bankers Eagerly Testify As to Her Strong Grip of Affairs.
Witness Says Scientist Is Well and Drives About Concord Streets.
Her Friends Meet to Decide Course Should Settlement Fall Through.

CONCORD (N. H.) March 4.—(Exclusive Dispatch.) Hint was given today by persons intimately associated with Mary Baker Eddy that the sensational suit instituted against the managers of her estate, charging a conspiracy to control her fortune for their own advantage may be discontinued before the date set for trial, on payment of a larger sum of money to the son in settlement of his claim. On statements volunteered by bankers and other distinguished citizens of Concord, the lawyers for Mrs. Eddy feel that they already have sufficient material to defeat the action should the son determine to reject their overtures and go to court.

Two of the leading bankers of the city, who, during the other storms that have burst about the head of the aged leader of the Christian Science church, have remained silent, today came out with emphatic statements to the effect that Mrs. Eddy, to their personal knowledge, is not only competent to manage her own affairs, but is one of the most remarkable business women they have ever known. One of them declared that she is an expert on bonds, and that during all her business career she never made a single losing investment. Corroborating the declarations of the bankers, her cousin, Henry M. Baker, former Representative in Congress, and now one of the leading Republicans of the state, declared positively that Mrs. Eddy is mentally alert and physically able to roam about her house as nimble as a woman of 50.

SAYS SHE IS SPROY.
He declared that she reads the daily newspapers, knows all about the nation created by the suit brought by her son, and added that she is far less indignant over the affairs than are her friends.

"She sent her coach for me on Saturday," he said, "and I went to her house. She was sitting at her desk, and she had a copy of a newspaper containing the bill of complaint. She had marked several things in it and these she indicated to me and asked that I give her careful consideration to support. She said she would send for me to talk the matter over again. Today she sent for me and I was with her for an hour. The entire matter was talked over and she was as active mentally as one could be."

"I would rather try to get money out of a lawyer with thirty years' practice, I was going to use a flim-flam game, than I would out of Mrs. Eddy."

TELLS WHAT IS EXPECTED.
"I rather suspect that her son, George Oliver, will repent of what he has done, and like the man in the Scriptures, come to himself and not only withdraw the action, but write a letter to his mother begging her forgiveness."

In Concord there is no sympathy for George Oliver. A Herald correspondent today saw the occupant of the quaint, Eddy coach and is able positively to state that it was Mrs. Eddy. She stepped from the front door of her house shortly after 1 o'clock and walked with a firm step to the coach, a distance of six or seven steps. Her secretary and coachman, Calvin A. Frye, had hold of her arm, but his assistance apparently was not needed. She wore a heavy seal coat with a high collar, a hat with light blue plumes and carried the parcel which, rumor has said, she holds in front of her so that people peering cannot observe her.

When the Herald correspondent drove slowly past the coach, Mrs. Eddy leaned forward and bowed. Her forehead was a mass of wrinkles, her cheeks were sunken and her eyes wide open. There was no doubt it was she. She made no effort to shrink back out of sight and the light shone full upon her. When the coach drove up to the house after the ride was finished, Mrs. Eddy stepped out unassisted and walked slowly but with firm steps into the house.

During the afternoon she was in conference with her chief counsel, lawyer Streeter, Prof. Hermann, the Rev. Irving C. Tomlinson, her cousin, Henry M. Baker, and a man from Boston, whose identity was not learned. The conference lasted for nearly two hours, and no one would say what was done.

AWAIT CHANDLER'S ARRIVAL.
Former Secretary Chandler, senior counsel for the plaintiffs, will not arrive in town until tomorrow evening. Until his arrival his associate counsel is doing little. John W. Kelley of Portsmouth, of counsel, came to town this afternoon and conferred with Mr. Martin. He said that Gen. Streeter had promised to notify him whether he would accept service for all the defendants.

No word was received from Gen. Streeter.

HOW PRIESTESS SPENDS TIME.
(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, March 4.—(Exclusive Dispatch.) Mrs. Eddy's daily routine, as given by her cousin, Henry M. Baker: Eight o'clock in the morning—breakfast. Nine to 11 o'clock—Opens mail, writes letters and dictates others. Eleven o'clock to noon—Rest. Noon—Lunch. One to 2 o'clock—Drives through the streets of Concord. Two to 4 o'clock—Receives visitors, if any have been summoned, or talks on affairs of church with secretary. Four to 5 o'clock—Reads and studies. Six o'clock—Dinner. Seven to 9 o'clock—Reclines in easy chair in room with members of household. Nine o'clock—Retires.

HIGH OFFICIALS CHANGE PLACES.
CORTEYOU GOES FROM POSTAL TO TREASURY OFFICE.
Shaw Gets Silver Service—Hitchcock Makes Way for Garfield and Meyer Abandons Diplomacy to Administrator Mail Service—Bureau Chiefs Make Their Bows.

WASHINGTON, March 4.—(Exclusive Dispatch.) By trick and guile, George Corteyou today relinquished the Postmaster-General's portfolio to George von L. Meyer, formerly United States Ambassador to Russia. After the oath had been administered to the new Postmaster-General, Corteyou introduced him to the various chiefs of departments. Soon thereafter Corteyou was sworn in as Secretary of the Treasury, succeeding Leslie M. Shaw, who goes to New York to become president of a trust company.

After the close of the Treasury Department this afternoon, some twenty-five of the high officials of the department called on the retiring Secretary Shaw, at the Arlington Hotel, and presented to him a large mahogany case containing two dozen handsome silver service table plates.

Yerkes, the Commissioner of Internal Revenue, made the presentation speech. In his response, showed he was deeply affected by this evidence of universal regard in which he is held. James R. Garfield of Ohio, who resigned today, made the presentation of the plates. He said that he was proud to be a part of the service of the United States.

GERMAN BUTCHERS PROTEST.
They Oppose All Concessions of the Imperial Authorities to American Meat Sellers.

BERLIN, March 4.—(Exclusive Dispatch.) The German Association of Butchers, a strong organization representing the meat-selling industry, has addressed a petition to the Imperial Interior Department, strongly opposing concessions which the government proposes to grant to American meat-selling firms. The Butchers' Association declares emphatically against lowering tariff on bacon and demands retention of restrictions against stamped meats and of other regulations for protection of German butchers and cattle growers against American competition. The petition is the first active measure taken by the German meat interests, and is undoubtedly the precursor of other serious efforts to force the Reichstag to withhold the tariff concessions.

NEW MINING EXCHANGE OPENS.
Call and Post Trading Office, With Majority of Seats Already Sold.

CHICAGO, March 4.—(Exclusive Dispatch.) The new Chicago Mining Stock Exchange was formally opened this morning in rooms formerly occupied by Louis A. Gourdain with his Imperial Bank, at the time the erratic "banker" made his sensational attempt to break into the penitentiary some time ago.

The first session opened with a call at 10 o'clock, and was followed by regular post trading until the close. For the opening day, the sponsors of the new exchange expressed themselves as gratified with the volume of business transacted.

The projected exchange has been under consideration for several months was an idea of the present members of its board of directors. The exchange is incorporated under the laws of Illinois, and its charter allows a wide scope in handling securities of all kinds. The bylaws provide for the sale of 100 memberships at \$250 each, and it is reported that a majority of these have been taken.

RAID STUDENTS' QUARTERS.
ST. PETERSBURG, March 4.—A body of 1500 picked policemen from every quarter of the city surrounded the Polytechnic Institute at 7 o'clock this morning and was engaged until the afternoon in a search of three blocks of student quarters. In the course of which twelve infernal machines, a score of hand grenades, a quantity of repeating rifles, 30 pounds of pyroxylin and 400 pounds of dynamite were seized.

LOOKS LIKE ESCAPE FOR SLIPPERY ABE.
By Trick and Legal Legerdemain He Gets Into Federal Courts.
This Action Assures Appeal to Supreme Court of United States and Thus Begin the Battledore and Shuttlecock Game of Law Points—Henny Thinks Hebbard Was Drunk When Hearing Case.

SAN FRANCISCO, March 4.—(Exclusive Dispatch.) By trick and guile, otherwise called technicalities of criminal law, Abraham Ruef, through his squad of lawyers, aided by a complainant Superior Judge, today succeeded in starting the five cases of felony against him on the road to the Supreme Court of the United States and thereby secures an almost indefinite stay of his trials, provided the proceeding is legally correct.

Ruef caused the surety company that is on his bonds in \$50,000 to surrender him to the Sheriff, and early in the forenoon went before Judge Hebbard on application for a writ of habeas corpus. A temporary writ was granted and made returnable at 1:30 p.m. Judge Hebbard then, by apparent understanding, denied the writ of habeas corpus, and remanded the defendant to the custody of the Sheriff.

The judge, however, granted the writ of error, which is another designation for an appeal. He fixed the bonds at \$50,000, as before, and a representative of the same surety company that gave the original bond was on hand to furnish the required sureties.

IN TRAIN OF CRIMINAL.
Ruef is pursuing the same legal artifices as George D. Collins, and the two noted criminals may go to Washington hand in hand, there to resume Court their legerdemain of law.

While these proceedings were hurried forward with the greatest haste in order to prevent Ruef from being brought to trial before Judge Dunne tomorrow, this stage of the game was not reached until after Hiram Johnson.

MYSTERY SURROUNDS FORTY-NINER'S DEATH.
Aged Multi-Millionaire Passes Away in St. Louis—Strange Women Gather at Bier and Try to Suppress News of Demise.

ST. LOUIS, March 4.—(Exclusive Dispatch.) Samuel H. Leathe, reclusive octogenarian, business associate of Commodore Vanderbilt in a scheme for an overland stage line across the isthmus of Nicaragua in 1857, builder of railroads, forty-niner, daring western mining speculator, died at the age of 80 at 10:45 o'clock last night at his residence, an old-time southern mansion, No. 1413 Locust street. Many women were at the Leathe home for several days before the fatal termination of the multi-millionaire's illness.

No report was made to the mortuary office of the death, and several hours after he had passed away it was announced, in response to inquiries, that he was "resting easy."

At the Leathe home last Tuesday night it was said that Mrs. Leathe, who was attending the patient, forty years his junior, was not there. When a reporter went there eight women met him at the door.

The attendants at the house gave the names of two physicians who, they said, were attending the patient. Both physicians denied, later, any connection with the case.

Last Tuesday afternoon a woman reporter was admitted. A maid said that Mrs. Leathe and her brother were at the sick man's bedside, and could not be seen. Monday, it was stated at the home that Mrs. Leathe was not there. Monday afternoon, when a reporter called, six women were at the window.

Two opened the front door, and the others retreated. The women disappeared for a moment, and a negro came to the door. He said: "Doctor Jonas Young can tell you all about the case."

His name is not in the city directory nor in a telephone book.

Leathe, who was a multi-millionaire, had owned property than any person in St. Louis. He paid taxes on \$900,000 worth of realty alone. He lived a life of retirement, in fact almost obscurity and did not enter into the affairs of society or clubs. He had been ill two weeks, it is said.

On January 7, 1916, he was married to Mrs. Oscar B. Williams, widow of an officer in the regular army. She charged that he cursed her, slapped her face and threatened to strike her. She entered suit for divorce October 6, 1916, but later withdrew the suit.

Leathe went to California in 1849 and became rich hauling freight through to California. He had previously been a salaried man, a wholesale merchant, real estate and mining speculator, and railroad builder.

He was an importer of art work from Europe and brought about trade in this as a special commissioner for St. Louis merchants in 1868.

The body will be buried at Woburn, Mass.

FINDS VICTIM IS NEIGHBOR.
(BY DIRECT WIRE TO THE TIMES.)
LINNVILLE (Iowa) March 4.—(Exclusive Dispatch.) Robert Meredith, author of the book "Around the World on \$80," who helped to carry out the dead after the gas explosion in Los Angeles last week at Crossway's restaurant, Saturday returned home and attended the funeral of John Mahin, who lived on an adjoining farm for twenty years.

Gazing into the face of his old neighbor, he recognized the body as one he had assisted in carrying out of the restaurant just after the fatal explosion.

In his excitement Meredith did not recognize his old neighbor, but returned just in time to attend the funeral and learn the truth.

OCTOPUS KING'S DOUBLE ON JURY.
MAN TO TRY STANDARD'S CASE RESEMBLES ROCKEFELLER.
Courtroom Is Started by Appearance of Man Who Appears as Venetian in Trial of Oil Trust for Accepting Rebates—Is Exact Replicas of Famous Magnate.

CHICAGO, March 4.—(Exclusive Dispatch.) The selection of a jury to pass on the evidence in the case of the Standard Oil Company of Indiana, the trial before Judge Landis, in the United States District Court here, on a charge of having received concessions from the Chicago and Alton Railway Company, was completed today. It is expected that the taking of testimony will begin tomorrow.

John D. Rockefeller's "double" appeared as a Venetian and was accepted as a juror. He is A. C. Frederick of Joliet, and something of a sensation was caused when he climbed into the jury box and sat down. His face is a replica of that of the magnate heading the oil trust.

"I did not believe there were two such faces in the country," declared Attorney Kline to the Times, who stated. So did all the other attorneys for the oil company. Even Judge Landis admitted that the resemblance was "most remarkable."

Secret Service men hurriedly consulted their notes to find out if, possibly, there had not been a substitution for the man they were expecting to answer to Frederick's name. Frederick, however, is not related to the oil magnate and never has seen Rockefeller.

SIX THOUSAND FOR HER.
Attorneys Search Two Years to Give Woman Money Due—Located in Los Angeles.

PITTSBURGH (Pa.) March 4.—(Exclusive Dispatch.) For nearly two years several attorneys in Pittsburgh have been searching for Mrs. David Tate, for the purpose of giving her \$6000, with the result that she has at last been located in Los Angeles. About five years ago Mrs. Tate's husband, David Tate, was killed while on a wreck on the Pittsburgh and Lake Erie railroad. She entered suit for \$25,000 damages in the United States District Court, and after a long legal battle was finally awarded \$6000.

Appears that when and where the judge's verdict was finally affirmed, nearly two years ago, she could not be found.

Postmaster W. H. Davis, at the suggestion of one of the lawyers, took a hand in the search for the woman, with the result that he located her father, J. L. Carpenter, at Lafayette, Ind. Through her father, the present address of Mrs. Tate was learned to be No. 5406 East Fourth street, Los Angeles.

The attorneys were notified, and as soon as they can get into communication with the woman she will receive the \$6000 which has been waiting these many months.

SWEETENHAM RESIGNS.
British Government Accepts Letter of Jamaican Governor After Several Months' Delay.

LONDON, March 4.—(The resignation of Gov. Sweetenham of Jamaica has become an accomplished fact, and he will leave the island as soon as his affairs can be arranged.

The Governor sent in his resignation yesterday 23 as a result of the incident involving Rear-Admiral Davis. It was the desire of both the American and the British governments to smooth the trouble over, and the Colonial Office, while tentatively accepting the resignation, left the door open for him to reconsider the matter, but, according to a statement by Under Secretary Churchill in the House of Commons this afternoon Sweetenham has now definitely decided to resign.

KAISER'S BANK IS SHORT.
BERLIN, March 4.—The annual report of the Imperial Bank of Germany, published today, disclosed a shortage of \$156,000, due to the discovery during the year of further unauthorized government notes stolen from the government printers in 1916 by the forger, Grunenthal, who killed himself when detected. The bank had already borne the loss of \$13,900 from the same cause.

During the Fifty-ninth Congress as a whole, it was stated that \$118,000,000 had been appropriated in excess of the total for the Fifty-ninth Congress. Representative Tamm of Tennessee, chairman of the Committee on Appropriations, answered in the House today that instead of facing a crisis in the treasury at the close of the fiscal year 1918, as seemed imminent at one time, there would be a surplus of \$20,000,000 at that time. The total appropriation made at the present session of Congress, he said, aggregated \$118,000,000.

With a new record for large appropriations and far-reaching legislation, the Fifty-ninth Congress was brought to a close shortly after noon today. WEDGES ARE UNSREGARDED.

Los Angeles Senators False to the Party.

in Smothering Anti-Race Track Bill.

Upper House Refuses to Call It from Committee.

BY FRANK GRAVES.

SENATE WIRE TO THE TIMES.]

SACRAMENTO, March 4.—[Exclusive Dispatch.] When the Senate today refused to grant the request of Senator W. B. Bell to recall the anti-race track gambling bill from committee, it was a blow to the "wedge" which the bill will die in the hands of the Public Moralists.

Both made a valiant but fruitless attempt to bring the measure into the Senate. Though he failed to succeed in putting the bill on record, Mr. Bell is just the same, after all, for the bill has been defeated anyway.

It is interesting to note that Senator Bell's movement, which came up for discussion, but was an especially fine day for the Senate who voted to grant the request of Senator W. B. Bell to recall the anti-race track gambling bill from committee.

The bill, which was passed by more than a two-thirds majority in the Legislature, and by the same vote would have been brought to the Senate, but for the action of the Senate.

It was said that the race track bill was a matter of great importance to the people of California, and that it was a matter of great importance to the people of California, and that it was a matter of great importance to the people of California.

extension of time to the people who have the Ascent Park privileges in Los Angeles.

"That has nothing to do with the case," returned Bell. "This is a Republican resolution, and I certainly ask the Republican Senate to take cognizance of it."

Prior to this, Senator Wolfe of San Francisco made an ineffectual effort to get Bell by declaring his resolution was not debatable, but it was not.

"All I have to say," remarked Leavitt, "is that I am not going to support this bill. It is an old chestnut," which was not strange in view of the fact that Leavitt's programme concerning anti-race track bill is said to net him \$1000 a month.

It was significant that practically every Senator who wears the railroad collar voted against the Bell resolution.

Those who voted for the perpetuation of the tracks are Anthony, Bates, Hamilton, Carter, Carlin, Greenwell, Hartman, Hill, Keane, Leavitt, Lynch, Harker, Munster, Nelson, Reilly, Rolley, Sanford, Wood, Welch, Willis, and Wright.

Those who voted with Senator Bell are Bell, Black, Boynton, Camille, Martin, Miller, Rambo, Savage, and Walker.

In addition to Senator McCartney, who is said to have been in the cloak room when the roll was called, six others were absent.

PLAY GREAT POLO GAME.

Los Angeles Team Defeats
Riverside Four.

Smith and Tom Weiss Put
Up Splendid Defense.

Burlingame and Santa Monica
Are to Meet Today.

(BY DIRECT WIRE TO THE TIMES.)
SAN DIEGO, March 4.—(Exclusive Dispatch.) In one of the best polo games seen on the Pacific Coast in some time, the team representing Los Angeles, this afternoon scored a victory over the Riverside four by a score of two goals to nothing.

From the beginning of play in the first period until the last minute of the contest the game was close and fierce. Both teams displayed fine team work, and were well mounted.

There was never a minute during the entire contest when the final result was not in doubt. At times it appeared as though Riverside was going to score several goals, but in every instance either E. N. Smith or Tom Weiss would be in the danger point and break up the play.

Dr. E. J. Bosack of the Santa Barbara team, played with Riverside, and without his aid, the Riverside men would have gone down in overwhelming defeat. He proved a tower of strength for his side, all accurately, and his driving was about the best that has ever been seen on the Coronado field.

Smith played a great game for Los Angeles, and shared the honors of the day with Bosack. In the second period he carried the ball the entire length of the field, with the assistance of Tom Weiss, who also did some brilliant playing, and scored the first goal for Los Angeles. Two minutes before the call of time in the last period he made the final score of the afternoon.

The teams lined up in the following order:
Los Angeles: Bundren, No. 1; Smith, No. 2; H. Weiss, No. 3; T. Weiss, back, Riverside; Flowers, No. 4; Fetter, No. 5; Bosack, No. 6; Roberts, back.

The game was the second of the series for the international polo championship trophy. Saturday Los Angeles defeated the army officers from Monterey, and now have a total of two victories to their credit.

The game tomorrow afternoon will be between the Burlingame and Santa Monica teams.

AUTO BILL PASSES.
Assemblyman Bell's Measure Goes to the Governor—Frank Bills Are Doomed.

(BY DIRECT WIRE TO THE TIMES.)
SACRAMENTO, March 4.—(Exclusive Dispatch.) The Senate today passed the automobile bill introduced by Assemblyman Robinson. O. Bell of Los Angeles, and passed several days ago to the lower house. It contains only a few amendments to the present law, and is said to be satisfactory in all respects to the autoists of the State. An ineffectual attempt was made to tack on another amendment in the Senate, providing that any chauffeur or owner convicted twice of a violation of the law, and found to have been intoxicated on both occasions, should forfeit his license for one year. This amendment failed to carry.

Assemblyman Bell expressed the opinion today that the three bills aimed at automobilists, one requiring hand holds on all machines, another fixing a road tax, and the third barring autos from mountain roads, will be defeated in the Assembly.

THIRTEEN INNING GAME.
Stanford Baseball Team Loses Contest At the Last Ditch But Play Ball.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
STANFORD UNIVERSITY, March 2.—In a spectacular thirteen-inning game, Stanford lost to the Gallagher-March team today, by the score of 6 to 8. In the first three innings the visitors, by well-timed hits, piled up a score of 3 to 2. Stanford had balanced this up by the sixth, and no more scoring was done until the thirteenth.

Three men were injured in the game. Catcher Stott's finger was split in the sixth, and he was replaced by Ganong, a freshman, Daily being out of the game with an injury. Gore, who nearly brought in a sixth run for the "varsity" in the final inning, seriously wrenched his knee in the attempt. Garibaldi left for the Gallagher-March aggregation, sprained an ankle, and Dudley, of the Stanford squad, played his position for half the game. Goodrich pitched for the "varsity," but Lagunas made no other changes in the line-up. The improvement in the hitting ability was very evident.

CALIFORNIA WINS.
Girls' Basketball Team Defeats Stanford Five By An Overwhelming Score.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
STANFORD UNIVERSITY, March 2.—The Stanford women's basketball team was defeated in the first of the series of three intercollegiate basketball games today, by the score of 17 to 1. The California girls proved too fast for the cardinal players, and more accurate in throwing goals. The next game will be played in Berkeley next Saturday, when the Stanford players, through their knowledge of the blue and gold tactics, expect to regain the supremacy. The line-up:
Stanford—Guards, E. Haywards, B. Maine, P. Abright, centers, J. Johnson, Ella Hill, Sarah Bundy; forwards, Ruth Lewis, Helen Ward, Minerva Monteth, captain.
California—Guards, C. Davis, H. Pinkham, M. Craig; forwards, S. Wright, B. Leader, C. Stratton; centers, M. Elader, A. Jones, H. Eichen-dum.

DAY OF THE MUDDERS.

A Self-Evident Proposition

"Persistent success is proof of merit." The fact that for over fifty years the demand for Ghirardelli's Ground-Chocolate has been steadily increasing is convincing evidence of its goodness. On no other basis could our present enormous business have been built up.

Ghirardelli's Ground Chocolate contains all the natural goodness and nothing else; it is absolutely pure and has a delicacy and richness of flavor that is unique.

Ask your grocer for it.
Be sure that you get it.

KELLY FIGHTS RYAN A DR

PROMISES OF GREAT PURE NEVADA TOWN.

Ryan is More Scientific While Kelly is the Heavier Hitter—Unk Ryan Would Fight Bat Nelson—Weather Threatens Local Pugil With Colds.

(BY DIRECT WIRE TO THE TIMES.)
ROCHESTER (N. Y.) March 4.—(Exclusive Dispatch.) Hugo Kelly of Canada and Tommy Ryan of Nevada, middleweight champions, fought rounds to what was practically a tie before the Arena Athletic at Ontario Beach. The bout was and scientific all the way through, for the laws of the State, however, decision could be given.

Ryan undoubtedly showed more science, especially after he got war up in the second round. Kelly there with the punching of his torso, kept Ryan busy warding off his tor swings and uppercuts. In the second round and in part of the third Kelly had the advantage, giving his opponent some stinging rights and lefts to jaw, and head.

In the third, fourth and fifth rounds Kelly seemed to recover his nerve and chased Kelly around most of the time. It was decidedly Ryan's round in the sixth. In the sixth Kelly came back strong and milled it fast. He was announced before the bout that the winner would be given an opportunity to fight for a \$40,000 purse Nevada.

BASEBALL JUDGMENT.
BROOKLYN CLUB SUFFERS.
(BY DIRECT WIRE TO THE TIMES.)
JERSEY CITY, March 4.—(Exclusive Dispatch.) Judgment for \$33,000 was entered by default in the Hudson County Court today in the suit of the Baltimore Baseball and Exhibition Company against the Brooklyn Baseball Club.

The next step will be to have a receiver appointed, who, under the New Jersey law, will have power to sell the franchise and dispose of any of the New Jersey holdings, which probably will be the entire stock of the club, as it is a New Jersey corporation.

The judgment is the outcome of the suit brought by the Baltimore club to recover money alleged to have been loaned to the Brooklyn club from that state to the following the reorganization of an organization several years ago.

HARD BLEEDING.

ROCHESTER (N. Y.) March 4.—[Ex-
clusive Dispatch.] Hugo Kelly of Cal-
ifornia and Tommy Ryan of Syracuse
fought to what was practically a draw
before the Arena Athletic Club at
Ontario Beach. The bout was fast
and scientific all the way through. Un-
der the laws of the State, however, no
decision could be given.

Ryan undoubtedly showed more ac-
tivity, especially after he got warmed

more with the punch, however, and
kept Ryan busy warding off his terrific
punches and uppercuts. In the second
round and in part of the third Kelly
had the advantage, giving his opponent
some stinging rights and lefts to the
face and head.

In the third, fourth and fifth rounds
Ryan seemed to recover his nerve and
closed Kelly around most of the time.
He was decidedly Ryan's round in the
eyes of the crowd. Kelly came back
strong and milled it fast. He was con-
stantly cheered for his clever work.

It was announced before the bout
that the winner would be given an op-
portunity to fight for a \$40,000 purse in
Las Vegas.

BASEBALL JUDGMENT.
BROOKLYN CLUB SUFFERS.
[BY DIRECT WIRE TO THE TIMES.]
JERSEY CITY, March 4.—[Exclusive
Dispatch.] Judgment for \$25,000 was
awarded by default in the Hudson
county court today in the suit of the
Brooklyn Baseball and Exhibition
company against the Brooklyn Base-
ball club.

The next step will be to have a re-
ceiver appointed, who, under the New
Jersey law, will have power to sell the
assets and dispose of any of the New
Jersey holdings, which probably will
be the entire stock of the club.

The judgment just issued is the out-
come of the suit brought some weeks
ago by the Baltimore club to recover
the alleged \$25,000 loan to the Brooklyn
club from that to time.

HARD SLEDGING.
WHEELERS HANDICAPPED.
The heavy rains for the last two days
have made it very uncomfortable in
training quarters for the fighters who
are taking part in the all-star card
on Friday night. Several of the boys
are suffering from colds and the
rain-like structure is full of
colds.

The boys at the beach have better in-
siders, but the heavy sea winds
outside training almost impossible
for the cold weather and believe
themselves better under present
conditions.

Work has been out of some of the
trainers, and some of the boys
under Trainer Frank Kelly, are
suffering from colds and the rain-
like structure is full of colds.

It is going to get at least as cold
for Eddie Menner and believe
he has a chance to beat Walsh.
Dalton will win from Joe
and that Solomon should have
difficulty in beating Frank Sheek.
Riley and Sheek, respectively.

Many of the boys about the outcome of
the fight.

RUSSELL AFTER BAT.
PHILADELPHIAN WANTS GO.
[BY DIRECT WIRE TO THE TIMES.]
PHILADELPHIA, March 4.—[Exclu-
sive Dispatch.] Unk Russell is not
a bout with Battling Nelson, and
he is going to blind a match with
him for six, ten, twenty rounds or
more.

Edward of the National Ath-
letic club of Philadelphia will go to
New York to take up the matter with
Nelson, manager of Nelson, rela-
tive to arranging a match between Russell
and Nelson would draw \$20,000 in Philadel-
phia.

Wrestling Matches.
March 4.—John Rooney,
wrestling policeman, defeated Leo
of New York in a catch-as-
catch-can match here tonight. Earl
of Montreal and Charles Del-
lucio, American champion, wrestled a
Mexican-Roman style.

GYM FOR GIANTS.

Weather.

The New York Giants, but
expect to do some indoor
work until the weather
improves. The Los Angeles
club are proposing to extend
the use of the club and gym-
nasium in all probability will be
conferred to the court.

The visitors would ap-
pear to be glad to be in the
Lankershim.

They were glad to be
very sore work and Trainer Harry
all be could attend to it
the knotty kinks in arms and
game Sunday was hard on
them, and they rejoiced at the
week end.

COUGHS AND COLDS HYOMEI COSTS NOTHING UNLESS IT CURES

Cure it now—cure it today—cure it without pouring into
your stomach a vile and unpalatable nostrum. Hyomei cures
coughs and colds in a few hours, and does it by such a sim-
ple and pleasant method that thousands who have been cured
are glad to recommend it.

Just breathe Hyomei in—and its soothing, medicated and
antiseptic properties will come in direct contact with the in-
flamed parts, stop the discharge, drive out the soreness and
heal the membrane.

A complete Hyomei outfit including the inhaler costs
\$1.00 at any druggist, and costs nothing unless it cures
coughs, colds, catarrh and bronchitis—druggists recom-
mend it—Mail orders filled—Send for interesting booklet.

Booth's Hyomei Co., Buffalo, N. Y.

For many years I have been a sufferer from bronchial catarrh,
and had despaired of anything but the use of my pleasant
surprise when I first used Hyomei which brought com-
plete relief. Hyomei has been a veritable godsend to me.
Rev. Charles Hartley, Sandusky, Ohio.

Having used Hyomei, I can say that my cough, which was dis-
tressing, has entirely disappeared.

California Y.M.C.A. at the big state
championship meet of the association
at Watsonville next Saturday night.
This gives the local association a clean
sweep of all three of the events for
Southern California, and she will also
send the indoor track and gymnasium
teams.

The Spartans won all their games in
the series for the Southern California
championship. They defeated Long
Beach, the Los Angeles Motors, and
Pasadena, in turn. They will face the
cracks of the north with a clean rec-
ord behind them, and the northerners
will have to play basketball to win.

The line-up in last night's game was
as follows:
Y.M.C.A. Spartans. Pasadena Y.M.C.A.
Elkeles forward. Millspaugh
Starbuck forward. Flanders-Macklin

"JUICE" PLAYS PRANKS.
By reason of rain on the electric wire-
ing of the sign at the Nikko, a Japa-
nese store at No. 227 South Broad-
way, last night the bulb leaped about
in spectacular style and did some slight
damage there and in the stores of the
Ideal Millinery Company and at
Joseph's.

STOLE THE COURTROOM CLOCK

Chinese Thieves in Hongkong the Equal
of Other Thieves Anywhere

There is one story of Hongkong that
has never been told in this country,"
said the man from the tropics, "and I
guess that's because Hongkong has
always been ashamed to let the story
get out. For if ever the laugh was on
a whole community it settled upon that
damp village the time the coolies went
to the courtroom to fix the clock.

"Hongkong prides itself on its mu-
nicipal buildings, particularly upon the
Hall of Justice. Over on the wall op-
posite where the justice's bench is
there used to be a fine marble clock,
an immense affair.

"Whenever tourists visited the Hall
of Justice the big Sikh at the entrance
used to call particular attention to
that marble clock. It was his pride,
and one of his chief joys of duty was
to wind it every week.

"Not very long ago when court was
sitting two Chinese coolies dressed as
mechanics presented themselves before
the door of the courtroom. They car-
ried a ten-foot ladder between them.
The Sikh stopped them.

"Alle! He! fixum clock, piggin," said
one of the coolies, and the big Indian
admitted them.

"They went right over to the wall un-
der the clock, hoisted their ladder
noiselessly, and with due deference to
the majesty of the law, represented by
the justice on his woolack across the
room, took that marble clock down
from its fastenings. Then they trotted
out of the courtroom, one carrying the
clock and the other shouldering the
ladder.

"The reason why Hongkong will
never tell this story on itself is that
no more was ever seen either of the
coolies, or the marble clock."

Eighty-five persons were buried by a
landslide of fifteen square miles upon
the mountainside near Sedraia, Algeria.

HOME APTS. 410. SUNSET MAIN 208.

FOR SALE—

ENTHUSIASTIC EXCLAMATIONS.

Everything being the view from Capitol Hill

expresses SURPRISE AND DELIGHT over the

extensive and occasionally graded permits

with no apparent effort to reach the summit of

Capitol Hill.

It might seem folly to attempt to picture

the view from the city proper, but it is

with the appreciation of it when you see

it.

Delightful ride of 10 minutes to Capitol Hill

taking the Coliseum or Hollywood car (fare

one cent) to the view, even if you are not

looking for BARGAINS.

This is the usual SUBDIVISION

plan, but large, irregular shaped lots with

irregular boundaries. There are several houses

in course of construction.

Only 30 days more will remaining here

to be sold at these prices. \$200 to \$500. Terms 1-

cash, balance 10% down, balance 10% in 10

days. Office and agent always at Capitol Hill.

See Sunset Main 208.

THE BARNES LAND CO.

FOR SALE—

I want you to know that if you wish to

take a handsome profit on a lot or two, that

I have just the property which will interest

you.

I will sell you a great big 30 foot lot, right

in the city of Los Angeles, commanding

a fine view of the city proper and the

mountains, at a price which will double within

the year.

VERMONT HEIGHTS.

\$25 CASH, \$10 MONTHLY.

Situated immediately on 2 car lines with

frequent service. The house is new

and complete. All the conveniences and

improvements in the property are \$20,000 and

100 feet wide. I'm having the highest class

improvements placed on the lot and I'll give

you a chance to own a home in the city.

I have telephone and electric lights

available. Right now I want you to do

it. I want you to take some good money

which I have laid out on my property, and I

want you to take it. I'll give you tickets and

all information.

THE OIL INDUSTRY. LOOK AHEAD, MR. PRODUCER!

WARNING AGAINST REPEATING
FOLLY OF FORMER YEARS.

Coalings Sales Agent Tells of Danger from Rushing Development Too Fast—Big Increase May Easily Be Used to Bear Prices—Lessons of Past Should Be Heeded.

The danger of the situation getting again beyond control and an apparent overproduction for even the present ever-growing market, which may enable the big marketing corporations to again depress prices, if not to the level of the past, at least to a lower figure than the producer should be entitled to receive, was the theme upon which A. W. Morhead of the Coalings Producers' Selling Agency talked to a reporter of The Times at the Alexandria Hotel last night. An apparent overproduction might be as disastrous as a real one.

"Today the situation is, on the whole, satisfactory," said Mr. Morhead, "but there is one cloud on the horizon that is being pushed all over the State. Everywhere wells are being put down; everybody wants to get the benefit of present high prices, forgetting, it would seem, the lesson of the past. It is clearly that if the production is once allowed to run to extremes the result is that prices are easily depressed by the big companies. At Coalings, for instance, companies are starting on tracts of twenty acres and are about to cover them with wells. At this rate what will be the increase in production in a year?"

"Mind you, consumption is increasing fast and there is a market for all, but that is not the only thing to consider. The big companies can wait oftentimes and will take long chances. It is the production on March 1, 1908, to be 25 per cent, for example, greater than it was on March 1, 1907, the figures may be used with telling effect to convince many of overproduction and, if these can be induced to part with their oil at a low figure, the result will be low prices for all. When transportation difficulties and market competition are considered this is a real danger."

"At present there is practically no free oil at Coalings. What was not already contracted for by the Standard or Associated I succeeded in trying up in the selling agency, but now more is certain to come in from these new wells, and if the drilling is pushed to extremes and production reaches such proportions as it may, the result may easily be very bad. Producers should also be warned now from the past, from the experience of Kern River."

"Producers should also realize that they have interests in common. For instance, we have a few wells at Coalings in which water has entered. Now that is the business of every man in the field, every one is concerned. Containment might easily be ruinous to all alike if it ran on indefinitely. Instead of that I have induced all to get together and are to have a meeting to discuss this and all matters of mutual interest. The wells that give trouble are to be taken in hand at once and if it is necessary, filled up, and there is, therefore, no possibility of its getting away, as it has in some other districts. When any one has difficulty in a hole it is generally no use to conceal it. Many times it will save trouble for both if neighbors are warned in time. That spirit is now prevailing at Coalings."

"As to prices it should also be remembered that, in addition to the new production coming in, the present output is for the most part tied up only for this year. The Standard, for example, has run out on Jan. 1. This means about 15,000,000 barrels will be turned loose and seeking a market within about two months. Producers should look ahead and figure on this."

"It is really surprising the way that capital is coming to the front and taking up oil propositions. The interest is almost like that of the early days of the boom. Few would have anticipated such a revival as we are having."

INDEPENDENTS COMING.
TO INVADE LOCAL MARKET.

The Santa Maria Oil and Transportation Company, the corporation just formed by independent operators of the southern Santa Barbara fields, has announced its intention of invading the Los Angeles market as soon as its pipeline and ships are ready. Tankage will be erected at tidewater near the city, probably around San Pedro, and a pipeline to the city may be laid soon after this is done, unless some very satisfactory arrangement for hauling by rail is made.

From the present output of the companies interested in this venture, it is a safe estimate that sufficient oil to supply a large part of the growing demand will be brought to the city by this company, if the project is carried out.

Levying Assessments.
A number of companies with properties located near the Santa Fe in the Kern county fields that have hitherto done little or nothing in the way of successful developments have recently levied assessments on stock. Several of these are now publishing lists of delinquent stock to be sold for non-payment. With the higher prices prevailing it is likely that some of them will try again drilling.

Activity at Midway.
The Mascot, which started with the Standard to furnish the 2,500,000 barrels and will apportion the same to other companies, has begun the construction of earthen reservoirs for storage. Owing to the heavy quality of its oil, this company can do this, but some of the others may require steel tankage on account of the lighter grades produced. President Spillway is arranging to divide the contract according to the capacity of the several companies.

The chances for the Santa Fe in this district commencing work on its wells in the near future are said to be good. While the Espee now controls the railroad to Sunset, the difficulty can be overcome by a pipeline. The fact that the Associated petroleum is giving so large a percentage of its business to its rival may very readily influence the Santa Fe in proceeding with its own plans, despite the wishes of the combine, as the latter gives it very little tonnage, comparatively. In any event the increased prices are likely to force action soon.

Oil Financial Notes.
The Union's issue of additional stock to the amount of 400,000 shares and \$400,000 par value in bonds of the Union Transportation Company, details of which are explained in The Times' financial columns today, is made for the purpose of paying the expenses of the many improvements made by the company during the last year, and that are to be made in the near future. The fund is to be raised for general purposes.

purpose, such as pipe line, refineries, etc., in all parts of the world where the company is operating.
The Central Oil Company is expected to increase its quarterly dividend from 2 1/2 to 3 cents per share when the directors meet next week.

MINES AND MINING.

**CONSOLIDATION
AT MOJAVE**

THREE GROUPS COMBINED UNDER ONE MANAGEMENT.

Angelenos Take Frisco Company to Unite It With Others—How One Hundred Men Put a Hundred Dollars Each to Develop Claims and Their "Great Hopes."

The Karma-Ajax Consolidated Mining Company, recently formed in this city, has taken over the property of the Karma Mining Company, four miles south of Mojave and one mile west of Fleta station on the Espee, and consolidated it with the Karma extension properties and a third group known as the Double Standard, the total making a property of about 1000 acres. The old Karma property consists of the Karma and Ajax claims on which there is about one mile of underground workings such as shafts, tunnels, crosscuts, winzes and drifts. The Extension group comprises fifteen claims, and the Double Standard seven claims and 250 acres of patented mineral land. The first-named group was worked by San Francisco people in the old corporation for years and ore shipped to the smelter. Most of these have been taken stock in the consolidation. Work has been carried on since this was formed about the first of the year, and the company reports a strike just made striking a winze of a very large body of ore running 100 to 150 feet. The chief workings consist of a 300-foot tunnel on the Ajax and one of 1300 feet on the Karma, 180 feet below, besides a 100-foot shaft. Development on the Extension is comparatively slight, merely tests and assessment work. On the Double Standard there is a 275-foot tunnel into the mountain, a 250-foot shaft and 400 feet of drifts, cross-cuts and winzes.

The company has a twenty-stamp mill installed by the old Karma company. There is also a cyaniding plant, besides boilers, engines and hoists, and a water supply with pipe-line also turned over by the old company.

The officers and directors are Richard and Gird. Los Angeles, president and general manager; John Gerner, former manager of Karma, first vice-president; August Gerner, second vice-president; Robert J. Reiter, Los Angeles, secretary; Frederick Grundy, M. E., Los Angeles, engineer-in-chief; Carroll Allen, Los Angeles; Hon. George C. Perkins, United States Senator, Thaddeus McCaffrey, San Luis Obispo, and Richard Erskine, Los Angeles. Offices are in the Laughlin Building.

"Great Hopes" Mines.
The Great Hopes Mining Company, a corporation whose officers say it is fulfilling the suggestion of its very suggestive name, is working properties sixteen miles north of Mojave on the Mojave-Keeleer road. The Owens River conduit will cross one corner of the ground and the proposed Owens River railroad will run within a third of a mile of the shaft.

The history of this company is somewhat unique. Some time since 100 Angelenos agreed to put in \$100 each, agreeing to spend as much of the \$10,000 thus raised in development of these claims as might be necessary to determine their value. A thousand feet of underground work was done in the form of shafts, tunnels, and drifts. The tunnel was driven 172 feet into the face of the mountain 235 feet below the apex. At the end of this tunnel a shaft was sunk 285 feet to a depth of 460 feet from the apex with drifts at 40, 60 and 100 feet. At 460 feet water was struck and a body of sulphates of iron and copper was found. A contract has been let for hauling 300 tons to Mojave for shipment to the smelter.

Only when these results were obtained was the company incorporated, the same 100 persons again contributing \$100 each. While a company with 100 stockholders can not be properly called a close corporation it has never sold stock in the usual way.

The officers and directors are Charles E. Casatt, Davis, president; J. C. Cribb, vice-president; Z. L. Parmlee, treasurer; George R. Whitcomb, secretary, and E. J. Peabody. Offices are in the Laughlin Building.

On the Mother Lode.
The Floyd Mining Company is equipping its property, the Garfield mine on the Mother Lode in Tuolumne county, with a ten-stamp mill with thirty tons capacity, air compressor, hoists, air-hammers, drills and electric light plant. The mine is near the Grizzly, which is now installing a 100-stamp mill. It has been worked for fifteen years or more and its average return is given by its present owners at \$12 per ton. The development consists of a 700-foot tunnel in an upright shaft about 122 feet to surface and an incline shaft about thirty feet, all reported to be in ore. There is also an old shaft, deep but not positively known, partly filled up, from which much rich ore is declared to have been taken in years gone by. Two hundred and fifty tons of good milling ore are reported on the dump.

The officers and directors are E. J. Peabody, president; William Floyd, vice-president; Taylor W. Johnson, secretary; A. L. Harlow, treasurer, and George R. Whitcomb.

SHOES CAUSE ARREST.
Gaudalope Rodriguez was arrested on the charge of petty larceny last night on Aliso street. He is accused of taking a pair of shoes from a store.

While the Espee now controls the railroad to Sunset, the difficulty can be overcome by a pipeline. The fact that the Associated petroleum is giving so large a percentage of its business to its rival may very readily influence the Santa Fe in proceeding with its own plans, despite the wishes of the combine, as the latter gives it very little tonnage, comparatively. In any event the increased prices are likely to force action soon.

FANNIE BLOOMFIELD ZEISLER

IN
Southern California

In view of the fact that Fannie Bloomfield Zeisler, the world's most famous woman pianist, is resting at the Raymond Hotel in Pasadena, it may be interesting to musicians and the public in general to know what this great artist says of the

Steinway

"Artistically there is no piano equal to the Steinway. Hence all really great pianists who have not sold their artistic judgment for material gain and are moved solely by artistic considerations, demand a Steinway."

Comment is impossible here. Such a statement coming from so famous a Pianiste is bound to attract attention among the discerning musical public.

Josef Hofmann, the famous Pianist, has the following to say of the Steinway Piano. His opinion is certainly in accord with that expressed by Fannie Bloomfield Zeisler

"There is but one best piano, and that is the Steinway, and no other piano approaches it. I want to give the greatest possible pleasure and satisfaction to my audience. By accomplishing that, I gain the greatest reputation and that is what I want. This I attain by using the Steinway. I desire you to distinctly understand that there is no money consideration whatever to influence me in my opinion. There may be some pianists who are paid for using and praising the piano they play upon, but certainly I do not belong to that class. Those who sell their services against their own convictions are on the downward path and have nothing more to lose. You have asked me my candid opinion about pianos for the benefit of the public and I have told you what I honestly think on the subject."

THE CITY IN BRIEF

NEWS AND BUSINESS.

Trustees Reappointed.
James A. Gibson yesterday was reappointed by the Board of Supervisors trustee for the law library.

School Bonds for Sale.
The Board of Supervisors yesterday ordered the advertisement for sale of a \$200,000 bond issue of the Laguna school district, and a \$100,000 bond issue of the Los Peñas school district.

Wife Husband Used Ax.
Mrs. Iphigene Maldonado of No. 405 Allison street complained to the police yesterday that her husband, Joseph Maldonado, had attacked her with an ax. A warrant for his arrest was issued.

Two Wreck Victims.
Pete Matosovich and Frank Graves, victims of the recent wreck on the Salt Lake Railroad in Nevada, died yesterday afternoon at the California Hospital. Both were railroad employees.

Trotter at the Mission.
Melvin E. Trotter will talk on "The Story of My Life" tonight at the Union Rescue Mission, No. 145 North Main street. Those persons who have not heard him should take advantage of these last days of his visit.

Warrant for Conductor.
A warrant was issued yesterday for "John Doe" Stone, conductor on the Los Angeles-Pacific Railway, charged with battery. It is alleged that he struck a lad named Heber Jones, seriously injuring the boy.

Bishop Hamilton Recovering.
Bishop Hamilton, who is now visiting in Long Beach, received a telegram from his sister in New York yesterday, which stated that the bishop is improving rapidly from the effects of his surgical operation.

Pipe Line Franchises.
The sum of \$100 was received by the Board of Supervisors yesterday for the sale of an oil pipe line to extend on Wilshire boulevard, Western avenue and Sixth street, outside the city limits. The life of the franchise is thirty years, and the purchasers are the Pitzer & Garbut Oil Co.

Bumped by Car.
L. M. Ward, whose home is in Vineyard and W. Broadway, an expressman who lives on East Twenty-first street, sustained severe injuries yesterday afternoon in a collision with a Pasadena car on Aliso street. He has a fractured skull and Ward is injured about the face and head. Both men were treated at the Receiving Hospital, New Township Ward.

Residents of El Monte Want a Division.
Residents of El Monte want a division made in Rowland and Los Nietos townships so that a new township should be formed which will give a jurisdiction of the peace and a constable to El Monte. Supervisor Manning is in favor of the change, and it is probable that there will be a new township of Covina. El Monte becoming the center of Rowland township.

Constable Appointed.
Over in the dreamy island of Santa Catalina they don't hurry things, and so when Vincencio Moricich was elected constable at the last election, he decided that there would be ample time to qualify. The proper time limit elapsed and yesterday the Board of Supervisors, acting on a petition from Avalon, appointed Moricich to the position for which he had failed to qualify.

Two Franchises Awarded.
Two electric railway franchises were awarded to bidders yesterday by the Board of Supervisors. One of these is for an extension of the West Pico street line from the city limits to a point 8000 feet westerly on Pico street. It was sold for \$100 to Robert Marsh. The other franchise is for a line to run on West Fourth street, Vermont avenue and Western avenue, and sold for \$100 to S. L. Briggs.

Texas Priest Dies Here.
Rev. Ramon Monclus, a priest of the diocese of Brownsville, Tex., died yesterday morning at the home of Mrs. Hoover, on Union avenue, where he had been a guest for several weeks. Father Monclus, who was 55 years old, came to Los Angeles in the early winter, hoping to regain his health. The bishop of Brownsville has been communicated with by Bishop Conaty, but it has not yet been decided whether the remains will be sent to his home to rest in the Los Angeles Cemetery.

Novelty Dress Goods
Hard matter, as a general rule, to get away from the com-
monplace, the ordinary, in dress goods styles without
paying a high price. But this week we are showing
some spring loom effects and colorings quite a bit differ-
ent from any heretofore exhibited at anything near popu-
lar prices. Full assortments, too, not a mere sprinkling.

New Woolens at \$1.25
A hundred new styles, all modern in weave, coloring, and texture.
Grayish blues and greens and browns and tans, and stone colors
of all the various hues so popular for Spring wear.
There are plaids and over-plaids, checks, and checks within
checks, narrow stripes and hairline bars. Weights, too, for all
purposes, from the Scotch cloths to the fine, thin Austrian suit-
ings. It's a showing that will certainly interest folk looking for
better gowns—44 to 52 inches wide, yard \$1.25.

Novelties at 50c and 75c
The ordinary wear, or for children's frocks one may pick from sev-
eral dozen new styles at the above prices. In weave and coloring
they follow closely the \$1.25 styles. In fact, many of them are
so closely related in those respects that only experienced judges
can distinguish one from the other.
These measure 38 to 44 inches wide—50c and 75c a yard.

DEMOLISHING CRASH INJURES TWOSCORE.

Fast Car for San Pedro Runs Into Long
Beach Coach.

East Forty-Seventh Street and Long Beach Avenue
Scene of Ugly Collision on Pacific Electric Line, Front
and Rear Vestibules Being Telescoped—Most of the
Victims Taken to Hospital Here.

THE WRECK EPIDEMIC was felt again last night, when forty-
three persons, passengers and trainmen, were injured in a Pacific
Electric collision. It was a telescoping crash of a fast car into
the rear of a "dead" one—one with the trolley off—at Forty-seventh
street and Long Beach avenue. Both were well laden. It is believed
all the victims will recover.

San Pedro car No. 284 collided with
Long Beach car No. 277 on the Pacific
Electric line at the intersection of Long
Beach avenue and East Forty-seventh
street, last evening. More than thirty
persons were severely injured, and the
total number more or less injured is
forty-three.

The Long Beach car was ahead, and
the San Pedro car was running about
100 feet behind it. The trolley of the
former car slipped, and the other
crashed into it before Motorman O'Shea
could stop.

The injured so far as known:
MISS J. MERRILL, Florentia Park,
cut about the face and bruised; taken
to Emergency Hospital.
MRS. J. C. SCHILL, No. 864 Center
street, San Pedro, bruised about face
and body; taken to the Emergency
Hospital.
L. S. ELLIOTT, Florentia Park, cut

and bruised about head; taken to the
Emergency Hospital.
MISS MARGARET NISON, No. 904
Center street, San Pedro, arms
bruised and internal bruises.
O. K. PARKER, Florentia Park, taken
severely bruised about face; taken to
Emergency Hospital.
F. H. CALD, Florentia Park, cut
about face and bruised about body;
taken to Emergency Hospital.
CONDUCTOR E. W. PACKARD, face
cut and bruised.
MOTORMAN DAN O'SHEA, hand
sprained, cut about the lip, body
bruised.
B. F. SPALDING, San Pedro, head
lacerated, and face cut and bruised;
bruises on the body.
B. F. ECHOLS, Sixty-fifth street and
Long Beach avenue, lacerations on
face.
CONDUCTOR C. J. HERNDON, cut
about face and bruised about body.
MOTORMAN W. H. CARROLL,
severely bruised and shocked.
OSCAR JACOBSON, proprietor of
transfer company, San Pedro, face cut;
taken to San Pedro.
F. H. BECK, restaurant man, San
Pedro, cuts on face; taken home.
NEIL VICKERY, purser on steamer
Cubillo, legs hurt; taken to San Pedro.
JACK HOWARD (Colored), San Pe-
dro, hurt on stomach; taken home.
EMMA A. SWEET, aged 20, stenog-
rapher, Walnut lawn, Nadeau avenue,
nose broken, face cut and bruised.
GRACE SWEET, aged 18, stenog-
rapher, same address, face cut and
bruised.
WALTER SWEET, same address,
slightly bruised.
E. W. PACKARD, conductor San Pe-
dro car, cut about head and face with
glass.
DAVID DUNN, Florence, legs
crushed, possible internal injuries.
EVALYN MERRILL, Florence, cut
on face.
JOHN E. DAVIS, Holtville; bruised
on body.
JULIA GARCIA, Wilmington; cut on
lip.
CASSIE FULLER, Graham Station;
slight cuts and bruises.
MRS. H. C. VIDDISON, Florence;
cut by flying glass.
ISAAC KING, Sixty-ninth street and
Long Beach avenue; face cut, body
bruised.
H. A. PHILLIPS, Sixty-eighth street
and Holmes avenue; bruises.
F. SPICER, Long Beach; cut on
left wrist.
MRS. H. DE PEW, Nadeau; body
bruised.
MARIAN MAGUIFISON, 10, No. 504
Center street; face cut and body
bruised.
C. S. KELTY, Graham Station, back
sprained, hand cut.
MISS M. REESE, Watts Station, cut
with glass on face and neck.
F. H. CLOW, Florentia Park; cut
with glass.
W. H. DUNN, Long Beach, face cut.
Both cars were wrecked. And in
their wreckage men and women and
children fought madly to gain the air.
At once the Pacific Electric Company
hurried other cars to the place, and on

Crash of San Pedro car into rear of Long Beach coach last night at Forty-seventh street and Long Beach avenue, in which forty-three persons were injured. Above are two young ladies who were injured and carried to a nearby house.

these took the most seriously injured
to its hospital, where every one was
denied access to them.
The names of these wounded people
were withheld, most of the night, by
the company's official claim agent, to
whom the list was given. As a conse-
quence anxious relatives begged in
vain from police and newspapers to
know whether any of their kin had
been hurt.
When the collision took place the
conductor of the Long Beach car had
stopped trying to get his trolley on
the wire. He had run to the track in
the rear of his car with a lantern. At
once the motorman of the rear car had
put on all brakes; then reversed his
current. He stuck to his place, and
even after the crash shut off the cur-
rent from the car, which was splitting
blue fire from every rived crevice.

CHAOS OF WRECKAGE.
The shock of the collision carried
both cars forward from the point of
contact for a distance of nearly 100
feet. In this path was strewn a chaos
of armature wire, broken wood and
steel. The front vestibule of the San
Pedro car and the rear vestibule of
the Long Beach coach were telescoped.
Every pane of glass was smashed in
each car, and the wooden framework
was literally burst open in several
places. Men of the wrecking crew said
it was the worst thing of the sort they
had seen.

The night was rainy, and it was
very dark. The wounded women and
men were carried out into the mud
beside the tracks, then placed in cars
which took them back to the city. No
ambulances were called, and the com-
pany did not notify the police. A few
of those seriously hurt were taken in
charge by residents near the scene of
the accident, and given shelter, but it
was without the knowledge of company
employees, according to statements
made by witnesses.

In the San Pedro car at the time of
the wreck were approximately fifty
persons. In the Long Beach car were
twenty-two. The former car, which
had started from the barn at 6 o'clock,
was taking its dinner-time load, and
some passengers were hanging to
straps.

PRAISE THE MOTORMAN.
Passengers of the San Pedro car who
saw him at the time of the accident
were loud in praise of Motorman
Shea, who did everything apparently
in his power to stop the collision, and
then stuck to his dangerous post, even
turning off the electricity when he
stood alone in a shattered vestibule
with glass dropping all about him,
and a few scant inches of space be-
tween the ironwork in front and the
framework of the car body behind.

A number of those injured were
taken to their homes in San Pedro,
Wilmington and Long Beach. Others
after being washed and stitched in the
Pacific Electric Receiving Hospital.

SKY-ROCKET CAREER ENDS.

Assets of Pacific Syndicate Stores
Company Are Transferred to
Charlton Company.

The sky-rocket career of the Pacific
Syndicate Stores Company practically
came to an end yesterday, when a
large part of the assets of the bankrupt
concern were sold to the E. P. Charlton
Company. The price is such that it
will bring about 75 cents on the dollar
for the creditors.
The law firm of Fletcher & Westover,
representing the Merchants' Trust
Company and also acting as trustees
for a portion of the stockholders, con-
summated the deal. The assets dis-
posed of are the entire stock of mer-
chandise and the fixtures in the four
stores of the syndicate, located in Los
Angeles, San Bernardino, Redlands and
Liverdale, and the leases of the stores to
San Bernardino and Redlands.
The price paid for the transfer was
\$200 cash for the fixtures and leases,
and 75 per cent. of the invoice price on
the merchandise.
The E. P. Charlton Company is one
of the greatest 5, 10 and 15 cent stores
companies in the United States. It oper-
ates about thirty-five stores in various
parts of the country, and already has
a place of business in Los Angeles.

DON'T WORRY IS WORRIED.

Whist Club Members Feel
Different Now.

While Business Men See Coin
in Smoke.

All Because Straus Family Is
Not Here.

Members of the Don't Worry Whist
Club are not following out the pre-
cept embodied in the name of their
club. They are distinctly worrying. So
are numerous merchants about Los
Angeles. So, also, are the trustees
of the Kaspare Cohn Hospital.
It is all because Mr. and Mrs. Emil
Straus are not here. The house where
they lived, No. 625 South Burlington
avenue, knows them no more. And
there are bills totalling an unknown,
but somewhat large, amount which are
unpaid, the whist club treasury is
sadly depleted, and the trustees of
the Kaspare Cohn Hospital are won-
dering if the hospital got all that was
due it out of the benefit arranged for
the institution by Mrs. Straus. In-
dications are that it did not, by a large
margin.

Mr. and Mrs. Straus have for some
months occupied a prominent place
in the local Hebrew world. They came
about eighteen months ago, and ap-
peared to be persons of wealth and po-
sition. Mr. Straus allowed it to be-
come known that he had an annual
income from an estate in Germany
that amounted to between \$2000 and
\$2500.

LITTLE MONEY IN "BENEFIT."
Gradually they became well known,
and a short time ago Mrs. Straus or-
ganized a benefit for the Kaspare Cohn
Hospital. This was well patronized,
and seemed to be a great success
financially. But it is said that the
hospital received only \$300. All the
talent and labor in the affair were
contributed, and there seemed to be
no great expense. More than 700 per-
sons attended, and the tickets ran
up to \$1.50 in price. There were also
flower girls who did a rushing busi-
ness, librettos were sold at a good
price, and many merchants paid for
advertising space in the same li-
bretto. Mrs. Straus was not only man-
ager, but committee in charge, audit-
ing committee, treasurer and secre-
tary of the affair. She had complete
control, and when there was turned
over a balance of \$200, there were a
few sub rosa remarks.

But the crisis of trouble occurred Fri-
day. Straus had been owing a cigar
bill for many months. Finally he was
pressed for payment. He explained
that his income came monthly, and
that he was a little short, but he
would pay March 1. Finally he gave
a check for the amount, dated ahead
to March 1. When the first day of the
month came, he telephoned asking
that the check be not deposited until
Saturday, March 2. Then he seems
to have gone to the bank, drawn out
everything he had on deposit, and dis-
appeared.

WHOLE FAMILY GONE.

Simultaneously disappeared Mrs.
Straus and the entire Straus family.
They did not say good-by. Then the
members of the Don't Worry Whist
Club investigated. Mrs. Straus had
the funds of the club in her keeping.
All the members contributed \$1 a
month. When the treasury had be-
come affluent, the members, who were
all women, invited their husbands and
sweethearts to a theater party and
supper. A short time ago the treas-
ury seemed to be in condition for a
little party. But Mrs. Straus ob-
jected on the ground that some of
the members had gone to San Fran-
cisco, and it would be easier to wait
until they came back. So it was put
over. Now there is a hole in the treas-
ury, where \$42 used to be.

Next several merchants investigated
their account books, and found that
they had bills against the Straus fam-
ily. Meyer Seigel, ladies furnishing
goods, has a bill for something under
\$100. J. Korn, the tailor, has a bill
for nearly \$100. Max Cohn has a cigar
bill of about \$100. The "Clear"
Manufacturing Company has a some-
what smaller bill. Other bills are
yet to be heard from.

What action will be taken remain-
ing with the members of the whist club.
The merchants victimized can only
bring civil actions, which are depend-
ent upon finding the Straus family
within California. But if Mrs. Straus
took the funds of the whist club she
can be charged with embezzlement.
This brings in motion the criminal
authorities, who have a longer reach.
The merchants with unpaid bills are
prepared to go to some expense to ex-
pose the Straus family, and they are
going to persuade, if possible, the of-
ficers of the whist club to swear to a
criminal complaint. They will then
give the District Attorney any aid in
their power.

Said one of them yesterday: "They
are worse than highwaymen. A high-
wayman takes a chance. They didn't.
They just promenade around in good
clothes and took a part of the expected
highwayman is a gentleman compared
to them."

Meanwhile, the members of the
Straus family are yet to be heard
from. Will they?

FIGHT OVER DIAMOND.

Brothers Struggle With Walter Whom
They Accuse of Substituting False
for Real Stone.

Eustratus was captured after a
desperate fight by James and Peter
Glantz, at their room, No. 513 1/2 South
Spring street, yesterday afternoon and
was taken to Central Station. He is
charged with having stolen a diamond
ring valued at \$125. The Glantz broth-
ers claim that Eustratus attempted
to swindle them by replacing the real
diamond with a valueless stone.
James Glantz says that he found
the diamond ring some days ago. He
was taken to Central Station. He is
carriers at the Hotel Alexandria, and
James wore the ring at his work. He
said that Eustratus, who was for-
mally employed at the hotel as a
waiter, told him that he could sell the
ring. Glantz allowed the waiter to
take it and agreed to allow him a
small commission in the event of a
sale.
When Eustratus returned the ring to
Glantz at the latter's room yesterday
Glantz immediately saw that the stone
returned to him lacked the luster of
the one he had given to the waiter.
He demanded the real diamond and
Eustratus attempted to run, he says.

CITY AND COUNTRY.

On All News Stands. 15 CENTS

MRS. EMIL STRAUS.

HITCH OLD TOWN TO BOOM KITE.

VINELAND MEANS TO BE PART OF
GRAND NEW CITY.

"Baldwin Park" is "Lucky's" Latest
Idea in the San Gabriel Valley and
It Brings an Awakening—Citizens
of Old Town Pledge Themselves to
Cleaning-up Campaign.

Residents of pretty little Vineland,
one of the old-time settlements of the
San Gabriel Valley, are thrilling with
hope over a reawakening which has
come at last.
The Vineland people propose to
hitch their prospective boom to the
fame of "Lucky" Baldwin, and thus
swing into the limelight of publicity
and the current of expansion.

For, be it known, "Lucky" has not
yet lost his fertility of ideas in evol-
ving new ventures, and his last is
worthy of the present-day spirit of
making all outdoors in Southern Cali-
fornia a seeming center of activity.
"Lucky" is to start a brand new sur-
veyors and chainmen are at work;
draughtsmen are drawing plans, and
"Lucky's" retinue of retainers are busi-
ly employed in perfecting plans for
the future great city of "Baldwin
Park."

This name was decided by yester-
day. Before that time the plan had
been to call the new city Baldwinville,
and "Lucky" it is said, had received
the consent of the Southern Pacific to
change the name of Vineland Station
to the longer one.
"Baldwin Park" is to be created out
of a part of the famous old Puente
Rancho. The land runs right up to the
little settlement of Vineland, through
which the Southern Pacific has its
line, and through the new townsite
will extend the new Pacific Electric
road to Covina.

The original townsite of "Baldwin
Park" will include 250 acres, and will,
it is said, be improved in first class
style, with cement sidewalks and
curbs, cobblestone gutters and other
streets lined with handsome shade
trees.

Publicity has always been a great
thing with "Lucky" Baldwin. In fact,
he has, sometimes received more of it
than he wanted. It is said that the
brand new city is to be heralded to
the four corners of the United States.
And thus has come the awakening
of Vineland. Recently some new blood
has come into the community and the
men in whose veins it flows believe
they see in Baldwin's plans a pros-
pect for them to become famous. Vin-
eland is willing to become a part of
it, and it can get a part of the expected
rush to the new city.

Monday night the citizens of Vineland
held a public meeting and formed
an improvement association. They
decided that they would change the
name of their town to Baldwinville,
and take advantage of "Lucky's" ad-
vertising.
Yesterday a delegation, composed of
Edwin Anderson, D. J. Shultz, Walter
S. Dietrich and Edwin Grass, went be-
fore the Board of Supervisors and
made a plea for extensive road work
in the old town of Vineland, so that
it can spruce up and keep company
with "Lucky's" city. They said that the
citizens have pledged themselves to a
campaign of body sweeping down yon
beautifying that will give the old town
a new name and make it pleasing to the
hosts of property-seekers who are ex-
pected to fly to Baldwin Park.
But the name of Baldwinville didn't
seem to set well on some of the most
esthetic residents of Vineland, so yester-
day they boldly swooped down yon
"Lucky" in his office in this city and
blandly persuaded him that "Baldwin
Park" would be much more euphonic
and that it would look better in ad-
vertising type anyway.

DIAMOND STUDDED STARS.

Chief of Police Kene and Capt. T. H. Broadhead were presented with diamond-studded gold stars by the members of the police department and intimate friends last night in the assembly room at Central Station. Mayor Harper made the presentation speech. The Chief and Captain expressed their

HORSES BOLT
AT BIG SIGN.KILLING CANVAS TOO MUCH
FOR EQUINE NERVES.

Four Runaways in Pasadena, but no Serious Results—Delay in Building North Main Avenue Firehouse—Planning to Entertain Firemen.

One of the Times, No. 25 & Raymond Ave., PASADENA, Cal., Feb. 28.—Yesterday a big day for the police in the city of Runaways. There were four in Pasadena street, but fortunately, without serious results.

The trouble was caused by a big canvas, advertising the coming of the new season, which was strung across the street, between Raymond and Oak streets. The banner, which was of double width and stretched along both sides of the street, was blown up by the wind, and the horses, which were in the street, were frightened by the noise and the sight of the canvas.

The first horse which took exception to the canvas was a bay gelding, which was owned by a man named John Smith. He was driving a team of horses, and was passing the canvas when the horse bolted.

The next horse to take fright was a black mare, which was owned by a man named John Smith. She was also driving a team of horses, and was passing the canvas when she bolted.

The third horse to take fright was a white gelding, which was owned by a man named John Smith. He was also driving a team of horses, and was passing the canvas when he bolted.

The fourth horse to take fright was a brown gelding, which was owned by a man named John Smith. He was also driving a team of horses, and was passing the canvas when he bolted.

MOTHER-IN-LAW
MTO CHINAMAN.Mrs. Culver Doing Her Best to
Have Daughter's Marriage
Annulled.

[SPECIAL CORRESPONDENCE.]
MONROVIA, March 4.—Mrs. Mary Culver, the mother of the young woman of Duarte, who married Frank Chew, a Chinaman, will do all that she can to have the marriage annulled. The ceremony occurred in Albuquerque, N. M., and was an elopement. It is alleged.

Chew was a resident of Los Angeles, and so was the young woman. Chew was a sort of missionary revivalist, and Miss Emma had longings to help the heathen herself.

Originally Chew became so much in love with Emma and she with him, that Chew asked her mother for the hand of the daughter. It was bluntly refused.

Emma has a mind of her own and her answer was "yes," regardless of her mother's wishes. So the pair journeyed to the New Mexico city and were wedded.

It is generally believed that the young woman, now past 22, is so much enamored of her Chinese mate, that if it should be proved that he was smuggled into the United States, she will be willing to leave home and friends to go with him to China.

HOLLYWOOD GOES TO THE POLLS IN HEAVY RAIN.

Proposal to Issue City's Securities for Street Improvements Receives Overwhelming Support—Conditions Excellent for Forcing a Favorable Expression of Electors.

HOLLYWOOD, March 4.—After picking their way on foot over muddy streets, and jostling along in automobiles, the voters of Hollywood went to the polls today to vote on the proposed bonds for \$100,000 for local street improvement against 15 who voted "nay."

The conditions today could not have been better for forcing a favorable vote on the bonds. The streets to be improved are Sunset boulevard, Prospect, Western, Cahuenga and Highland avenues. Part of Cahuenga has already been successfully improved with crushed granite and crude oil.

LOS ANGELES, March 1.—[To the Editor of The Times.] As a resident of Los Angeles and an enthusiastic admirer of her natural advantages, I have been much interested in the agitation for good roads we have been having of late, but if we are to make of our city "a thing of beauty and a joy forever," there are other things to be regulated.

MUST SUFFER FOR CRUELTY

TWO LOS ANGELES MEN DRIVE HORSES TO DEATH.

Decision of Lower Court at San Bernardino Against Them Affirmed by Higher Tribunal—Accompanied on Trip to Mountains by Women. Marriage Follows—Divorce Cases.

SAN BERNARDINO, March 4.—Robert Simpson and Edward Lacy, the two Los Angeles men convicted, last November, by a jury in the justice court, of driving to death a team of horses belonging to a local livery stable, heard the decision of the lower court affirmed by the Superior Court for the district.

They were ordered to pay a fine of \$300, or appeal the case or go to jail for a period of 150 days.

Simpson and Lacy were on a pleasure trip to a resort in the mountains. Two local women were with them. The two men had rented for the trip a team of horses from a local livery stable. They were ordered to pay a fine of \$300, or appeal the case or go to jail for a period of 150 days.

Since the criminal proceedings were instituted, Simpson has married one of the young women. She and her husband have been made defendants in a civil suit for damages, brought by the livery man to recover for the loss of the horses. This suit is now pending before the Superior Court.

TWO DIVORCE CASES.
Charles E. Pemberton was granted a decree of divorce from Jennie Pemberton, on the grounds of desertion and neglect. Judge Oster also heard the case of James W. Clapp, one of the plaintiff's witnesses was Mrs. Sadie Clapp. The case was continued until Monday to give the plaintiff an opportunity to produce further corroborative evidence.

PLEES TO SAVE PRISONER.
Marit Ralphs left hurriedly tonight for Barstow, on receipt of word that Sheriff Smithson had gone East. He had been arrested at Stockton last night on suspicion of being the assassin of Mr. Barstow from the North with the intent at 1:30 o'clock.

The next dispatch was from Constance Stuttsbury, informing the sheriff that she had seen the flight of Smithson with the prisoner, indicating that she had had to hurry the suspect.

directly east to the new townsite, thence to point near "Cherrycroft," the ranch of Andrews Bros., and then by the most direct route available to the city of San Bernardino, to the site of the "Mile High" hotel. The distance from Redlands to the Yucca townsite is nine and one-half miles and to the site of the hotel at Oaklawn is nineteen miles. At no point along the proposed route is the grade more than 6 per cent.

The Naville Company, which was incorporated to build the new town in the Yucca, has placed an order with the city of San Bernardino for 20,000 eucalyptus trees, which will be planted along the roadsides and the streets of the new colony. The trees are to be delivered on March 15, by which time it is claimed that the town will be laid out and ready to receive them.

VOTE FOR TOWN NOT TO VOTE.
LIQUOR QUESTION STAYS DOWN IN SANTA ANA.

City Council Unanimously Refused to Submit It at the Coming Municipal Election and the Announcement of That Decision is Heartily Approved.

(BY DIRECT WIRE TO THE TIMES.)
SANTA ANA, March 4.—(Exclusive Dispatch.) By a unanimous vote, the City Council tonight refused to submit the liquor question to a vote at the city election April 8.

The polling of the vote of the Council brought a round of applause from the audience. The matter was brought up on a petition of seventy-one names, asking that the question be submitted with the end in view, of course, of making the city "wet."

Remonstrances signed by several hundred voters overwhelmed this petition, which had been circulated very actively. Many old-time "wet" townsmen were on the remonstrance, which stated that present conditions with a "dry" town are satisfactory.

WOULD STOP DAMAGE.
Ranchers in the overflow district of the Santa Ana River have chosen a committee, consisting of A. L. White, A. T. Armstrong, J. M. Von Schmitt, E. M. Brown and R. H. English, to select an assessment district.

The committee will report to the Board of Supervisors that will result in the establishment of a district to raise funds to build big dikes and clean out the channel of the stream from above the Fifth-street bridge to a point whence its spread will do no damage to the ranchers of the past lands.

LOSES CHILD IN VENTURA RIVER.

(BY DIRECT WIRE TO THE TIMES.)
VENTURA, March 4.—(Exclusive Dispatch.) Driver Herbert Lamb of the Nordhoff-Ventura stage lost his only child, a babe of but a year, in the Ventura River this afternoon and he and his wife narrowly escaped with their lives.

Mr. Lamb was making his daily trip to Nordhoff with the stage carrying the mail and a quantity of freight, but with no passengers save his wife and child, who were on their way to their Nordhoff home.

They had made all of the crossings safely until he reached the last, and here the stage and horses could not withstand the high waters and were swept down the stream.

Mr. Lamb managed to save himself and his wife, but the baby was lost and no trace could be found of it. The mail and freight were lost and up to dark the horses could not be found. This is the first loss of life in the Ventura River in many years.

BELL PIECE OF BIG RANCH.

Deeds Are Filed for Transfer of Extensive Land Holdings in Riverside County.

RIVERSIDE, March 4.—Deeds were filed today transferring 47,000 acres of the Santa Rosa Rancho from the Cosmopolitan Land and Water Company to the Pauba Ranch Company. Though the consideration is not made public, it is supposed to be well above \$200,000, as this amount was borrowed on the property from the San Francisco Savings Union to assist in carrying through the deal. The Santa Rosa Rancho was originally a Spanish land grant, and is one of the largest ranches in Southern California. Heretofore the land has been used as a stock range.

ASSESSOR'S DEPUTIES.
County Assessor Montague has completed his list of field deputies for the coming year, and the assessment of county property began today. The Riverside deputies are W. H. Eaton, who is appointed for the "Mile Square," including the business and close-in residence section; A. C. Pickett for the East Side; H. H. Paulson for the lower end of the valley; and R. J. Nelson for the Southern California Colony Association lands. Outside deputies are: H. E. Wilder, West Riverside; Frank P. Ogden, Highgrove; D. M. Brown, Corona; C. L. Davis, Palo Verde; J. M. Gonzales, Murietta and Temecula; S. A. Stewart, Escondido; S. V. Gates, Ferrie; G. E. Richmond, Winchester; Charles T. Stetson, Hemet; J. B. Hurt, San Jacinto; W. W. Watson, Banning and Beaumont; William McMahill, Moreno; and W. E. Walden for the desert country.

RIVERSIDE BRIEFS.

Fails to Clear Up Mystery in Disappearance of Cash From Sheriff's Office—Citizens Indicted for Riot Arrested—Miners Accused of Robbery—Dam Work Is Delayed.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
PHOENIX (ARIZ.) March 4.—About two months ago Leg Redwine, a Phoenix constable, was sentenced to thirty days in the County Jail for extortion, his offense being the taking of bail from a prisoner, and not reporting his collection in the proper manner. Redwine escaped from his nominal confinement with ease, assisted by his wife and a saloon-keeper named Phillips. Phillips was badly injured on returning to Phoenix by being thrown from a buggy. Despite this, he made his escape from the local officers, and since has been invisible. Redwine was located a short time ago at Goffa, a station on the Santa

PNEUMONIA WEATHER

From the New York Herald.

"The wide prevalence of coughs, colds, grip and pneumonia marks an experience of severe and protracted winter weather the like of which we have not seen for many a year. The stubborn persistence of catarrhal troubles is also a marked feature of the depressing influences which follow a long siege of rapidly changing low and high temperatures. The man is in a state indeed who has not been at some time since Christmas confined to his bed with a 'cold' of some sort that he cannot succeed in curing. This condition of affairs has existed for months, and the end is not yet. In fact, it behooves all careful people to be on their guard against all catarrhal troubles more than ever.

March is a typical pneumonia month and gives a high rate of mortality for the disease. One reason for this is that after our long and hard winters the system loses its natural resistance to cold. Only the hardy ones are likely to withstand the strain, and even these are by no means safe when grip is increasing almost to epidemic manifestation.

The ordinary 'cold,' the grip and pneumonia belong to the same family of winter diseases. Although they may be excited by different influences, their ultimate effects are the same when the attacks are sufficiently severe.

An acute catarrh is always the result of undue exposure to low temperatures. The rapid cooling of the surface, when not balanced by proper reaction, produces congestion and inflammation of the nasal and bronchial membranes. Obviously such an ailment is not communicable in the ordinary sense, from one individual to another. As the slightest 'cold' predisposes the individual to attacks of the more severe and dangerous catarrhal affections, the necessity for its quick cure need not be enforced.

All these facts emphasize the necessity of extraordinary precautionary measures against the ordinary cold. Everyone cannot change his climate at will but may make the most of what he has at home, viz., take Chamberlain's Cough Remedy as soon as the first indication of the cold appears. It not only cures a cold quickly but counteracts any tendency of the cold to result in pneumonia. This fact has been fully proven during the epidemics of colds and grip during the past few years. No case of either of these diseases having resulted in pneumonia when this remedy was used has ever been reported in the manufacturing, which shows conclusively that it is not only the best and quickest cure for colds but a certain preventive of that dangerous disease. CARS CRASH; 40 HURT.

Continued from First Page.

were taken to the Emergency and General Hospital. Apparently the accident was caused from the fact that the cars were running too near each other, and on slippery rails. A supervisor, Van Frank, stated last evening that the so-called half-mile rule which is supposed to exist on the line is not in force within the city limits, and acknowledged that cars run at comparatively short intervals.

FLASH AND CRASH.

Miss Emma Sweet was a passenger on the San Pedro car. She was going to her home at Walnut Lawn, just outside the city limits. She occupied the first seat beside the car. She says the gate-keeper at the Pacific Electric station stated that the Long Beach Flyer was ahead of time, and would have to let them pass.

"We were going very fast when I saw a commotion in front," said Miss Sweet. "I could tell something unusual was happening, as several of the men outside stood up quickly. Then came the awful crash and I was thrown forward against the glass. It seemed to me glass and small sticks were falling everywhere. Then, I suppose, I lost consciousness."

Miss Grace Sweet was not so severely injured as her sister. She was sitting beside her. She stated that the car was going very fast.

"I saw a blinding flash in front just as the crash came," she said. "I was stunned for a second. Then I found myself standing in the middle of the car and all around me were people lying on the floor with their faces cut and bleeding. It seemed so long before any one did anything. Then they carried us to this house."

Both of the injured girls were removed to the home of W. A. Dowse, No. 4224 Honduras street, where they were cared for by Dr. Woods.

Mr. Dowse was eating supper when he heard the smashing of the cars. He says he ran outside and saw a man with a lantern running down the track toward the wrecked cars. He helped to take the wounded from the coaches.

W. H. Carroll was the motorman on Long Beach car No. 177. He was at his controller, he said, when the crash came. He was excited and admitted that he can give no reason for the wreck. He did not know what caused the trolley to fly off.

SUPERINTENDENT SAYS.

Statement of Superintendent Van Frank concerning the wreck:

"The trolley of the Long Beach car came off and Conductor Herndon started back along the tracks to flag car No. 24 bound for San Pedro. He swung his lantern as a warning signal but was not able to get far enough along the tracks before he met the other car."

"Motorman Dan O'Shea saw the signal and tried to stop. There is no truth in the story that a fuse blew out. O'Shea did all in his power to stop his car and the flash which gave rise to the story that a fuse had blown out resulted when O'Shea shut off the overhead."

"We have not fixed the blame yet."

BOULEVARD DIFFICULTY.

Section Proposed for Improvement Not Long Enough to Draw Money From General Fund.

The Board of Supervisors is wondering how it can secure the offer of a free gift of \$25,000 for use in the construction of the Huntington boulevard, between Los Angeles and Pasadena, and at the same time meet its end of the obligation, which is the payment of the balance of the boulevard contract price of \$21,125 out of the general funds of the county.

The law provides that in order to use general county funds for road building the road must be at least three miles in length. It developed yesterday that the section proposed for improvement on the Huntington boulevard is really only 2.51 miles in length, although a stretch of the same boulevard, adjoining this section, and extending through the Short Line Villa tract, which is to be improved under exactly the same specifications, but entirely by private contract, is 1.54 miles in length.

Yesterday the District Attorney was called before the board to give his aid in planning a way out of the difficulty. He advised that as a considerable portion of the funds must be used for the erection of a bridge, this portion might, in strict conformity with the law, be drawn from the general fund, and in this way the boulevard subscription, on account of the rise in prices on material and the uncertainty of labor.

The point was also made that the Board of Supervisors has already obligated the county by abandoning the old road and accepting the boulevard route, which would necessitate the placing of this road in at least ordinary condition, even if no further money was expended on it. This in itself would require a considerable outlay.

The \$25,000 offered the Supervisors has been raised almost entirely through the subscriptions of persons who do not own any frontage on the proposed boulevard, so that it may be fairly be termed a general contribution. It was urged that the county could well afford to supply the remainder necessary from the general county fund, if the law's provisions could be met.

NATIVE SONS' BANQUET.

Tonight the Native Sons of Sierra Madre Parlor will give a banquet at Levy's to about seventy-five guests, including representatives of all the Los Angeles Parlor, in honor of First Grand Vice-President M. T. Dooling, who is visiting the Native Sons Parlor in Southern California. He is a San Bernardino County, California, native. The toastmaster will be Grant Jackson, past president of Sierra Madre Parlor, and the principal speaker will be Frank G. Tyrrell, who will respond to the toast, "Our Country."

VERMONT AVENUE SQUARE

Lots Sell Quickly When It Rains

Clear, dry weather is found essential for real estate activity with the average tract. Not so with Vermont Ave. Square. And there's a reason.

The best time to thoroughly TEST the Square as an ideal home spot, is during a downpour. Visit it during a heavy rain, see how dry, clean and mudless are the streets and lots. Then compare this exclusive residential section with any other subdivision. You will find all points favor the Square.

No flooding at the Square. The soil is sandy loam—absorbing the rain as it falls and leaving the surface firm and dry. And there is abundant drainage to carry off the surplus. Yet the sub-soil holds sufficient moisture to give the top soil opportunity for growing luxuriant lawns, flowers, trees and palms, and gardens if you want them. There's location, too, and so dependable car service.

Home seekers who are wise enough to take these factors into consideration are the ones who are buying select homesites, and BUILDING. That is why Vermont Ave. Square holds the record for activity—85 lots sold in thirty days—\$75,000 worth of choice homesites during February! Who can beat that?

You must visit the Square on a rainy day—it will amply repay you. You will learn then that this is the premier exclusive residential home place in the growing southwest. A fine view of the mountains; ocean breezes; sunshine; pure air; pure water. The Public Square covering two blocks is turning into a beautiful park.

And there are REAL improvements—cement walks and curbs; independent water supply; fire protection; graded streets oiled by the PETROLITHIC process; city public school. Take Grand Ave. cars.

WHERE TURN FOR ROOM?

The Board of Supervisors yesterday turned down the proposition of Warren Wilson to erect a building at First and Hill streets for the use of the county's offices, which are crowded out of the Courthouse. The proposed rental was considered excessive, and the board would not consider a lease which extends for five years. Today, it is said, a proposition will be made to the board by parties who wish to erect a building for county use on property on Broadway adjoining the Broadway Christian Church, and which would be almost directly across the street from the Courthouse. Supervisor Patterson is strongly in favor of immediate proceedings to acquire the necessary land on the south side of the Courthouse for the erection of a building by the county through an extra tax levy. He declares that the rentals paid out in three years' time would practically cover the cost of such an enterprise.

LECTURE BY DR. DAY.

On Thursday evening Rev. William Horace Day will deliver an illustrated lecture on his recent trip to China, Japan and Hawaii, in Breen Hall, Temple Auditorium. Dr. and Mrs. Day were on board the Manchuria when she grounded at Hawaii, on their outward trip, and the exciting incidents attendant upon that misfortune will form an interesting part of the lecture. All the pictures used are from negatives made by Dr. Day himself. The proceeds are for the benefit of the missionary institute.

CASTAIC CANYON TROUBLES.

The old troubles over the public highway—or lack of it—in the Castaic Canyon, Soledad township, bubbled up again before the Board of Supervisors yesterday. Attorney Murphy appeared for property owners in the canyon and presented a petition asking the board

to institute condemnation proceedings for land to be used as a public road. This road proposition has engendered a serious neighborhood feud, and the attorney yesterday declared that unless some relief was obtained, there was certain to be shooting in the canyon. At the last outbreak coils of barbed wire were placed in the highway and horses were badly cut up. The board refused to take any definite action until it can view the district in dispute.

CIRCUMSTANCES SUSPICIOUS.

In front of the Plaza Catholic Church last night a man was found lying on the pavement in an unconscious condition. Near by, E. Luna and T. Gonzalez were fighting. Luna and Gonzalez were arrested on the charge of disturbing the peace, and the unconscious man was taken to the Receiving Hospital. When the latter regained consciousness he said that he was Pat

Polaky, but refused to tell who struck him. Luna and Gonzalez would say nothing about the cause of their fight. The police are investigating.

CAR STRIKES WAITRESS.

In attempting to cross Main street at Republic street last night, Mrs. Jesse Smith stepped in front of Los Angeles Pacific Electric car No. 184 and was hurled to the pavement. The tender passed over her body and when the car was stopped she lay between the forward truck and the step. At the Receiving Hospital it was found that she was badly bruised and that the bones of one hand were fractured. Mrs. Smith is a waitress at No. 150 North Los Angeles street.

SACRIFICES SELF.

Seeing that Y. Kishimoto was about to be struck by an electric car at Bundy Station last night, J. Teka of No. 123

North San Pedro street attempted to save his comrade and was injured seriously himself. Teka was taken to the Receiving Hospital and later, to his home. His injuries consist of a badly bruised left leg and a possible fracture of the right leg.

RESCUES HER FROM WIRE.

Juan Gomez saved Juanita Garcia of No. 324 Ord street from serious injury last night at Commercial and Alameda streets by releasing her from a live wire which she had grasped. Her hands were slightly burned, and she suffered slightly from shock. Gomez also received a shock.
